15 June 1972

MEMORANDUM FOR: Legislative Counsel

1. Attached are three documents related to my 4 May 1972 testimony before the House Committee on Armed Services:

- a. the official stenographic transcript of those hearings,
- b. a compendium of the errata of that stenographic transcript (organized by page and line) with indications on how the text should be modified to make it correct,
- c. a proposed response to Representative Clancy's queries.

2. I am assuming (I hope correctly) that the requests of Representatives Young and Spence for illustrative quotations of North Vietnamese propaganda exploiting material derived from the American press and speeches by members of Congress have already been taken care of via the compendium you independently solicited from FBIS.

3. If the above assumption is indeed correct, the attached package should close the books on outstanding business deriving from those hearings.
